

ftxui::Component

```
classDiagram
    class ftxuiComponent["ftxui::Component"]
    class ftxuiHelpWindow["ftxui::HelpWindow"]
    ftxuiHelpWindow --|> ftxuiComponent
```

The diagram illustrates a class hierarchy. At the top is the base class `ftxui::Component`, represented by a box with three empty compartments. Below it is the derived class `ftxui::HelpWindow`, represented by a box with three compartments. A blue arrow with an open triangular head points from the `ftxui::HelpWindow` box up to the `ftxui::Component` box, indicating inheritance.
